One World
Organic Foundation

**We are committed to a sustainable world
where the well-being of people, plants, animals
and the environment receive equal attention.**

In 2022, the RAPUNZEL One World Organic Foundation went into operation. Based in Legau in the Allgäu region, the foundation has set itself the goals of strengthening organic farming both domestically and globally, promoting ecological and social projects and supporting a healthy way of life for all.

WHAT WE PROMOTE

RAPUNZEL One World Organic Foundation supports

- › national and international organic farming and organic seed breeding
- › clarification and information about organic farming and sustainable and ecological behaviour
- › sustainable domestic and international eco-social projects
- › school, orphanage, resocialisation and training projects for children and young people in need
- › positive globalisation that serves people's interests
- › understanding between nations and cultures
- › health promotion activities and disease prevention programmes
- › employees of Rapunzel Naturkost and affiliated companies who are in need due to circumstances beyond their control

The goal-setting and actions of the RAPUNZEL One World Organic Foundation are orientated to the sustainable development goals (SDGs) of the United Nations.

BACKGROUND

The roots of the RAPUNZEL One World Organic Foundation go back a long way. The foundation can be seen as a natural progression of the ecological and social engagement of Rapunzel Naturkost GmbH & Co. KG, such as in its HAND IN HAND fund.

The company was founded in 1974 with the idea of promoting organic agriculture, and therefore producing nutritious food that is good for everyone and healthy in the truest sense of the word: for the environment, for plants and animals, for individual people, and for society.

Rapunzel Naturkost guarantees yearly donations to the foundation. As an independent foundation it is also open to further donations.
